Fundraising Coordinator (Volunteer position)

About Young Feminist Europe

Young Feminist Europe (YFE) is an open platform that amplifies young feminist voices and activities across Europe through campaigns, advocacy and movement building. We bring together young and diverse self-identifying women, non-binary and gender non-conforming people aged between 18-35 years old to impact and shape a feminist Europe that promotes gender equality, equity and social justice for all.

To achieve YFE's vision, we harness the power of feminist grassroots and hashtag activism. We organise community building activities and campaign workshops, as well as collaborate to mobilise for demonstrations and engage with key stakeholders in the EU sphere and beyond.

YFE is a volunteer and youth-led platform and a transnational organisation. We have individual members in Belgium, France, Spain, Germany, Austria, Croatia, Portugal, the UK... and our presence across Europe is always growing. We operate on a non-profit basis.

YFE Values & How We Work

YFE aims to provide a safe space for all self-identifying women, non-binary and gender non-conforming people and we believe that the greatest tool to dismantle patriarchal power structures is feminism built on allyship with the LGBTQI+ community, migrant people and other disadvantaged groups. We will always strive to increase the diversity of YFE and to make space for those who need it most.

Check our [Feminist Culture statement](#) on how we work as a team to foster an inclusive and feminist leadership at YFE.

YFE has a flat working-group (WG) structure. Each working group is steered by two co-leads. We conduct the majority of our work remotely and have an online team meeting on the 15th of every month. Each working group also hosts online meetings monthly or on a needs-be-basis.

We use online tools, such as Slack, Google Drive, Zoom and Trello, to communicate, collaborate, strategise and develop our work. English is our working language.
